You're in the ham, hey hey, you're really awesome
Kissable lips, oh you gotta screech, child
Make a hop in the house
I'm in love, I'm in love, don't I know, don't I know
It's true, I'm in love with irresistible you

I don't know what you got, hey hey, but I gave you
You got me, child, baby I won't, yeah am I sweet, child
This you'll see, babe
You've been angels walked from above
Make the Devil fall in love
Yeah, I fall for irresistible you

Hey hey, come on, come on, come on, come on
Let's stand awhile, child, 'cause I wanna talk
Yeah, talk to you, yeah child, shootin' a glance
Happy, baby, yeah too much, too much
Well, wonderful love, I need your touch

Well don't you fret, hey hey, pretty baby
Don't you worry 'bout me, child
I'll never forget, hey oh hey sweet child
How much you mean to me
I love you, I do, my heart, well all through
Tell me, woo woo hah, irresistible you

(instrumental)

(repeat previous verse)

Come on, come on, come on, come on (x6)

& it's a wonderful love; I need your touch
