This is just our little memo  
To remind you of my demo  
Put in the mail a week ago  
Haven't heard it on the radio

Good mornin', song seller  
I suppose we've got it made  
You're such a charmin' fellow  
Why can't you get this record played  
Record played, record played?

Got 2 sways, I stole from The Beatles  
Had 'em sewed on with a magic needle  
Now I can play like George and Ringo  
Haven't heard it on the radio

Good mornin', song seller  
I suppose we've got it made  
You're such a charmin' fellow  
Why can't you get this record played  
Record played, record played?

Waitin' down for the devil, ah  
I'm gonna make me a record deal  
I'm gonna need me a real big wheel  
Someone tell it to me, deal, now

Makin' the time that's push and shovin'  
If you want me to, I'll sing about lovin'  
Sing about it fast, sing about it slow  
Wanna hear it on the radio

Good mornin', song seller  
I suppose we've got it made  
You're such a charmin' fellow  
Why can't you get this record played  
Record played, record played?
