This world ain't got no room for narrow-minded people
Now you'd better get ready 'cause a change is about to
come

Baby got it good, I can do better

Baby got some good lovin', now you'd better share it

'Cause sooner or later...

CHORUS:

We gotta all get together

We gotta all get together

We gotta all get together

In this world

Take a look around you, can't you see that we're all
brothers?

I'll scratch your back if you'll just scratch mine

I'm no better than anyone I see

'Cause the drum is ringin and you better believe

And sooner or later...

(Chorus)

(Spoken):

All right! Everybody here, put your hands together and

sing:

(Repeat title & fade)
