Sweetest little fellow, everybody knows  
Don't know what to call him but he's mighty like a rose  
Lookin' at his mammy with eyes so shiny blue  
Make you think that heaven is comin' close to you

When he's there sleepin' in his little place  
Think I see angels lookin' through the lace  
When the dark and fallin', when the shadows creep  
Then they comes on tiptoe to kiss him in his sleep

Sweetest little fellow, everybody knows  
Don't know what to call him but he's mighty like a rose  
Lookin' at his mammy with eyes so shiny blue  
Make you think that heaven is comin' close to you

When the dark and fallin', when the shadows creep  
Then they comes on tiptoe to kiss him in his sleep

Sweetest little fellow, everybody knows  
Don't know what to call him but he's mighty like a rose  
Lookin' at his mammy with eyes so shiny blue  
Make you think that heaven is comin' close to you
