Why you're trying to steal my shine?
You got the perfect timing.
Cause when I'm getting ready to step ahead
You're leaving me behind
And I just won't take it no more.

So go ahead and rot in all of your jealousy,
Cause you got envy.
This time I'm moving on, on my own,
And I don't need you here with me,
Cause I don't need you no more.

Stop calling, stop trying to make it right,
You're so pitiful.
Cause you had your chance to make amends,
Now what you're doing back at my door?
Cause I really dodged a bullet with you.

Tell me why you're so obsessed with everything I do
Cause if I'm going up or if I'm going down it's
nothing to you.

So go ahead and rot in all of your jealousy,
Cause you got envy.
This time I'm moving on, on my own,
And I don't need you here with me,
Cause I don't need you no more.

Stop calling, stop trying to make it right,
You're so pitiful.
Cause you had your chance to make amends,
Now what you're doing back at my door?

Stop calling, stop trying to make it right,
You're so pitiful.
Cause I really dodged a bullet with you.

Oh, stop, wait a minute,
Let me put some swagger in it,
Pushed you out the door,
That's the only place I love you more.
Looking so dumb with that smurk on your face,

Imma turn around and give you a taste.
Hm, I bet you like it now,
Imma slap the fucking taste out your mouth.
Somebody give me one of them Matrix coats,
Cause IÂ'm dodging bullets like I was Neo,
You can call me Mr. Terminator,
Cause IÂ'm terminating all the haters.
Stop all you calling and stop all the trying,
Stop all the bugging, stop all the lying,
Why would you coming back at my door?
You know youÂ're getting slapped if you looking hoe!

Stop calling, stop trying to make it right,
YouÂ're so pitiful.
Cause you had your chance to make amends,
Now what youÂ're doing back at my door?
Cause I really dodged a bullet with you.
Cause I really dodged a bullet with you.
Cause I really dodged a bullet with you.
