SAL

I know you're trying to protect me  
Searching for another truth  
With your language and your poetry  
From my ignorance and youth

Hey I did not come to argue  
My life never made much sense  
I just wish that I could hug you  
You're my only defense

I don't understand your writing  
I could barely sign my name  
All I ever learned was fighting  
But I'm not the only one to blame

The streets were dark with danger  
I have to stand up for my friends  
In a land where I'm a stranger  
And the hatred never ends
