Don't wanna think too much
Just turn the music up
Yeah I like it loud

You know the words to all my songs
I like it when you sing along
I know you like my cheeky style
You wanna kick it for awhile?

You got me hot, I'm burnin' up
I like it when you come around
So play with me, I'll show you how
To turn it up, 'cause I like it loud.

Don't wanna think too much
Just turn the music up
Yeah I like it loud

Boy you make me, make me so hot, hot
Hold my glass up, down one more shot, shot
See me gettin' dizzy right on the spot, spot
I can be your little sexpot

Get your camera out, Instagram us
Before you kiss off my makeup
Slip into the photo booth for a make-out
You like that Lana Del Rey pout

We run around through the night, night
Everything is gettin' so bright, bright
Baby give me one more hit, tip me over
I say do you have a light, light?

The room is startin' to spin now
Look around for you, where you been now?
If you tell me with that bitch in the corner
I'm tellin' you that it's over

Don't wanna think too much
Just turn the music up
Yeah I like it loud

You turn it up, I like it loud
When we go out we bring the crowd
Weâ€™re on a roll, we run the town
Weâ€™re speeding up, no slowing down

Out every night, we lose our heads
Weâ€™ll play this out until itâ€™s dead
You roll your eyes, Iâ€™m talkinâ€™ shit
We take a break just for a bit

Iâ€™m givinâ€™ in, I try to call
I post a message on your wall
I want you back, boy you know how
To turn it up, cause I like it loud

Donâ€™t wanna think too much
Just turn the music up
Yeah I like it loud

Donâ€™t wanna think too much
Just turn the music up
Yeah I like it loud
