I turned around
Before I could run I found you already settled down in
the back of my mind
I know this is just a customary feelin'
The moon is our deceiver that will leave you running
blind

Your heart is pullin'
If I didn't know any better
I'd be fallin'
Deeper and deeper it's true
I'd hear it callin'
If I didn't know any better
And I'd be in love with you

Didn't want to
Look in the eyes of the one that I would be drawn to
I'm a moth lost in a fire
And I know this is just a beautiful illusion, a case of the
confusion, between love and desire
Your heart is pullin'
If I didn't know any better
I'd be fallin'
Deeper and deeper it's true
I'd hear it callin'
If I didn't know any better
And I'd be in love

When the flame burns out
And fine'ly settles down
And you'd forget I ever came around

Your heart is pullin'
If I didn't know any better
I'd be fallin'
Deeper and deeper it's true
I'd hear it callin'
If didn't know any better
And I'd be in love with you

I turned around
Before I could run I found you already settled down in

the back of my mind
