Once I had myself a good woman  
But I just didn't treat her right  
I was always leavin'  
Livin' a party life

True love was waitin' for me  
I was much too blind to see  
'Til she told me she would leave me  
I said that's all right with me

Oh, now she's gone  
Realized I lost the best thing there is  
And my pride keeps tellin' me  
Let your loss be your lesson

Heaven knows I miss her lovin'  
Heaven knows how much I cry  
Just to think that she had left me  
And I know the reason why

I could tell she had been cryin'  
It didn't seem to bother me  
'Cause I know there's no one blinder  
Than a fool who just couldn't see

Oh, now she's gone  
I realized I lost the best thing there is  
And my pride keeps tellin' me  
Let your loss be your lesson

Let your loss be your lesson
