Where have you been
My long lost friend
It's good to see you again
Come and sit for a while
I've missed your smile
Today the past is good-bye

Time can't erase
A lover's embrace
Can't you hear it calling
A new day dawning
You were longing to find...

Love's taken you far
Away from the heart
And I've been here all along
Have your eyes failed to find
What took you from mine
A vision that's faded through time
But you sailed away
That fine summer's day
Cause you heard it calling
A new day dawning
You were longing to find

There is a way
To make you stay
Darling, don't turn away
Don't doubt your heart
And keep us apart
I'm right where you are
Stay

[Bridge]

There is a way
To make you stay
Darling, don't turn away
Don't doubt your heart
And keep us apart
I'm right where you are
Stay
