If I have little space  
If I deconstruct it all  
If I drink until I feel numb

If I take a little time  
If I lose a little sleep  
I'll forget I thought you were the one

It's complicated

Still chased by ghosts of  
Little mistakes

It's complicated  
It's complicated  
It's complicated  
It's complicated

All the promises  
That you made to me  
Unintentional lies  
God I still believe

It's complicated  
It's complicated

If I try to turn it off  
If I swallow all my pride  
If I love till nothing's left at all

If I say but never do  
If I weep a little while  
If I could only make this stop

Tell me that you love me, oh  
Just tell me that you love me  
Just tell me that you love me  
Just tell me that you love me  
Yeah, yeah, oh, oh

Complicated  
Complicated

If I bleed until I die  
Make love to loneliness  
Accept that this is all I've got

If I convince myself  
Forget what's in the past  
You wouldn't still be what I want

Tell me that you love me, oh  
Just tell me that you love me  
Just tell me that you love me  
Just tell me that you love me  
Yeah, yeah, oh, oh
