Back to you, that's where I go  
When I'm so fed up, when I can't go on  
In your arms that's all to  
When I'm awfully tired, when I need love and I need  
love

It's 3 AM when I can hear you breathing  
No, I'm fast asleep, no, I'm deeply dreaming  
In your arms that's all to  
When I'm awfully tired, when I need love

Back to you

Back to you

Back to you, that's where I go  
When I'm so fed up, when I can't go on  
In your arms that's all to  
When I'm awfully tired, when I need love and I need  
love
