It seems my youth has outgrown me,
I'm stuck in a place where I don't want to be.
Old friends houses, where they once lived,
cuz they all grew up and I couldn't forgive.
Why should i spend time in the past, trying to flip that
hourglass?
I can't help but feel betrayed, familiar streets that just
aren't the same.
Nothing stayed to see me through.
Everything changed, now I must too.
Just progression? I could not see?
We found new things and no longer could agree.
Grew so distant, parted ways, while I'm still left
thinking of the days.
But why should i spend time in the past, trying to flip
that hourglass?
I can't make new memories with all the same sceneries.
This place has nothing except all the promises that
were not kept
(Because) when we tried to relive it all came out wrong,
wasn't the same so we chose to move along.
Still have stories from the days that shaped us all in so
many ways.
Looking back we realize some of the best times of our
lives
