Lo lo lo-lo-lo-lo.
Lost in
Lo-lo-lo-lo-lo-lo.

Handing my own shadow
Living a what was borrowed
Nothing was mine, nothing felt right
Living their lives
You were as lonely as i was
You knew that was so much for .is that we've lost
More that we've had more than alive
Come take my hand nothing .
I am insecure knocking at the door

Let's get lost in berlin
Tonight as we falling to the.
Watch us get lost in berlin
Racing. Everything so right and let tomorrow
Changes it's mine
Let us get lost in berlin
Let us get lost
Let us get lost in berlin
Let us get lost in berlin
Let us get lost in berlin
Let us get lo-lo-lo-lo-lo.
Let us get lo-lo-lo-lo-lo.
