

Paul Van Dyk "That's Life"

Visit "[That's Life](#)" on MotoLyrics.com

Life isn't made
So every thing's right
Life isn't made
So every thing's right

Life isn't made
So it's always alright
But that is alright
But that is alright
But that is alright

Life isn't made
What you have in mind
Life will not always
Be too kind

Sometimes you wonder
What's really behind?
What's really behind?
What's really behind?

But that is alright
But that is alright
But that is alright
But that is alright

Life isn't made
So every thing's right
Life isn't made
So every thing's right

Life isn't made
So it's always alright
But that is alright

Life isn't made
What you have in mind
Life will not always
Be too kind

Sometimes you wonder
What's really behind?

What's really behind?
But that is alright

Life isn't made
So every thing's right
Life isn't made
So every thing's right

Life isn't made
So it's always alright
But that is alright

Life isn't made
What you have in mind
Life will not always
Be too kind

Sometimes you wonder
What's really behind?
What's really behind?
What's really behind?

What's really behind?
What's really behind?
What's really behind?
What's really behind?
What's really behind?

Sometimes you wonder
What's really behind?
What's really behind?
