Listen to me love, I'd just rather get up,
Get out of here cause things have probably gone too far
It's my... star,... under me, baby please
You turn me off
Baby, I know this... over you, you
But it ain't me... I'm so in love and war with you, you

I'm sick and tired of playing, this' just not working
Boy it seems we only fight when we get close
... we'd be closest friends
Off and on again, gain X 2

Friendemies, always up and down,
I'm so tired of us faking trying to make it
Friendemies, try to work it up and you remind me why
you're... picture
I love you but I can't be with you
Something's hard to forget and it's hard to forgive you
You be like a friend to me, ah, ah,
You're my enemy

If I leave with... it's turning you into a bitter woman
Cause I'm to flame for breaking your heart
Girl just let it go, the truth is there,
We just can't be friends, and it ain't worth it
If we gotta pretend, oh
This is... I see, I'm not the only one feeling through

Listen baby, I'm tired of loving you... you, you

I'm sick and tired of playing, this' just not working
Boy it seems we only fight when we get close
... we'd be closest friends
Off and on again, gain X 2

Friendemies, always up and down,
I'm so tired of us faking trying to make it
Friendemies, try to work it up and you remind me why
you're... the picture
I love you but I can't be with you
Something's hard to forget and it's hard to forgive you

You be like a friend to me, ah, ah,
You're my enemy

You already know, know,... let it go, go
Cause my heart can't take it anymore, more, more
No I can't take it anymore, more, more X 2

Friendemies, always up and down,
I'm so tired of us faking trying to make it
Friendemies, try to work it up and you remind me why
you're... the picture
I love you but I can't be with you
Something's hard to forget and it's hard to forgive you
You be like a friend to me, ah, ah,
You're my enemy.
