Ho-oh, right here, yeah, yeah

When you let me go, you died, I hit the ground
I bet you thought that I'll be gone without a sound,
Ho-oh-oooh-oh
& Then I wouldn't show my face & go outside
What made you think that I would need a place to hide,
Oh-ho-oooh-oh

So when you go out, how do you know the town?
Are you feeling bad 'cos you think I'm down
It's why you can't believe
It's really me you see, when you turn around

I'm gonna be around right here, right here
I'm gonna be around right here, right here
To think I drowned in my tears
I'm stronger than you know

Just look at me now, too bad you let me go, ooh-oh
That was a big mistake (I told you so, ooh-oh)
You have been missing me so bad & it's so clear
'Cos the way you're looking now, right here

Right here, right here, oh
Right here, right here, oh, oh
Right here, right here
(Right here, right here)
Right here, right here

(Piano keys instrumental)

Maybe you don't feel it now, but give it time (give it

Time)
I wanna be the one regret in your life, oh-ho-oooh-oh
But I won't lose a minute sleep over you
Gonna want the time it takes to me to look at my
Review, oh-oh-oh-oooh-oh, ooh-oh

To whisper word of love, that you found someone
But is it really where, where you wanna be?

Why she have to know every time you smile,
That you're thinking of me

I'm gonna be around right here, right here
I'm gonna be around right here, right here
To think I drowned in my tears
I'm stronger than you know

Just look at me now, too bad you let me go
That was a big mistake (I told you so, ooh-oh)
You have been missing me so bad & it's so clear
'Cos the way you're looking now, right here

Right here, right here
Right here, right here, oh-oh-ooh-oh
Right here, right here
Right here, right here

So sad that you had to lose it all
You found out what you had before
You'll miss what we used to be
Now it's hard to see me
Ho-oh-ooh-oh-ooh-oh
