In my dreams, I'm seein' her
In his genes, I'm seein' her
Yeah, it's true, I'm makin' love to you
I'm seein' her

Everything about her
I like everything about her
I like everything about her
Seein' her

Everything about her
I like everything about her
I like everything about her
Seein' her

In between I'm seein' her
In headlight beams, I'm seein' her
Shadows she throws and no one knows
I'm seein' her

Everything about her
I like everything about her
I like everything about her
Seein' her

Everything about her
I like everything about her
I like everything about her
Seein' her

He doesn't want you to share
He wants to play
Romeo and Juliet?
I'll play Peter Pan?

Everything about her
I like everything about her
I like everything about her
Seein' her

Everything about her
I like everything about her

I like everything about her
Seein' her

Owed you the truth and so I swear it
Yeah, I want you too and I just can't bear it
Better soon, I'm seein' her
In the afternoon, I'm seein' her

It's funny, it's true, I'll be seeing you
I'm seein' her
And I can't believe it's her
Seein' her

Everything about her
I like everything about her
I like everything about her
Seein' her

Everything about her
I like everything about her
I like everything about her
Seein' her

Everything about her
I like everything about her
I like everything about her
Seein' her

Everything about her
I like everything about her
I like everything about her
Seein' her
