

## Paul Westerberg "What a Day (For a Night)"

Visit "[What a Day \(For a Night\)](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I'm blinded  
What a day for a night  
I'm finding  
My way around in morning's light  
What a day for a night  
What a day for a night

I'm winding  
Through the streets, through the towns  
I'm finding  
Good morning boys, good night gowns  
Sunset toys and sundown clowns  
What a day for a night now  
When we play it's alright  
What a day for a night

When we play, it's alright What a day for a night  
So I'm moving  
Beneath my feet it just feels right  
I'm used to it  
I hop aboard another flight  
No end in sight  
On and on we play, alright  
What a day, what a day for a night
