(Verse 1)

Lying sick  
On a ship  
With the water pouring in  
Should I go down with it?  
Or find a piece of mind  
In a world that's so unkind  
Unlike my own  
But I'd rather stay than go

(Verse 2)

So tough shit  
Predicaments  
Always come when were forbidden from the things we  
love the most  
Her eyes are closed  
I am alone  
In present time but who knows  
I can't read my own mind because

(Chorus)

Every now and then I'll  
Start to fall in love  
You can call me buttercup  
I'll smile  
Steer you in the wrong direction  
In style  
Cause I'm so starved of her affection

(Bridge)

Don't ask to be saved  
Don't say my name  
When things are said and done cause no one  
Has ever played  
The games we played and you just never won  
And I'm shamed  
This happened again  
I don't recommend situations when they get sticky and  
Please don't forget  
The stains show up better wearing black or red

(Chorus Repeats)
