No communication, static on the line  
No one understands me when I speak my mind  
I just get the feeling that I want to let go  
Surrounded by the people, I don't want to know

I think, why can't we be alone?  
You and I in the moonlight  
All the signs peak to overload  
And I can't have my emotion

And I bite the hand that feeds  
Hurt, the heart that leads me  
Trying so hard to explain  
Feelings deep within me

I got my suspicions, I could never win  
?Cause every step is taking me down that road again  
I just get the feeling that I want to let go  
Surrounded by the people, I don't want to know

I think why can't we be alone?  
You and I with the lights down low  
All the signs peak to overload  
And I can't have my emotion

And I bite the hand that feeds  
Hurt, the heart that leads me  
Trying so hard to explain  
Feelings deep within me

Now I feel the same way about you  
Maybe it's my jealousy  
That makes me feel the way I do

And I bite the hand that feeds  
Hurt, the heart that leads me  
Trying so hard to explain  
Feelings deep within me

And I bite the hand that feeds  
Hurt, the heart that leads me  
Trying so hard to explain

Feelings deep within me

And I bite the hand that feeds me  
Hurt, the heart that leads me

And I bite the hand that feeds me  
Hurt, the heart that leads me

And I bite the hand that feeds me  
Hurt, the heart that leads me

And I bite the hand that feeds me  
Hurt, the heart that leads me

And I bite the hand that feeds me  
Hurt, the heart that leads me
