Paul Young - Steps to go

Whose is the silver statue
Whose is 'I want you.'
Who gets to keep the pictures
The ones we've both been through
Looking through any window
See an empty hole
What once was a home is now
A face without a soul
Did we ever think of (taking) steps to go?
Here in the empty condo
It never will be the same
Who's gonna take the suitcase?
Who's gonna take the pain?
It's not for the want of trying
I think we tried it all
But you couldn't stop the wanting
Until you had it all
Did we ever think of (taking) steps to go?
There was just two of us, dear
When we fell in love
Now it's all legal numbers
What are you thinking of?
Whoever thakes the children
Might as well take it all
I'm gonna leave my shadow
Leaning against the wall
Did we ever think of (taking) steps to go?
(Leaving just seven numbers
Throwing down the glove
Where did you leave your keys dear?
Where did you leave your love?)
