Paul Young - Take me in your arms and love me

The moon above is shining bright  
Come on now the time is right  
Here I am take me in your arms and love me  
There is a mist of extasy  
That's growing over me  
Here I am take me in your arms and love me  
My love is true, my love is true  
Now's the time that my lips speak  
Hold me now don't hesitate  
I need to know don't take it away  
You are the one that I adore  
Tell me what are you waiting for  
Here I am take me in your arms and love me  
Girl, I'm hungry for your love  
Give me what I'm in need of  
Here I am take me in your arms and love me  
I wanna share the joy of spring love  
Of this moment warm and tender  
Hold me tight kiss me long  
Make this guy one sweet song  
I hear your heart is pounding fast  
Don't lose the feeling make it last  
Here I am take me in your arms and love me  
Trembling I await your touch  
That thrills me darling oh so much  
Here I am take me in your arms and love me  
Listen baby  
This feeling is too strong to hold  
Any second I'll explode  
Now's the time now's the time  
Take all of this love of mine, come on love me  
Love me love me come on love me  
I'll be true to you  
Do what you want me to  
Take me in your arms  
Take me in your arms and love me
