Hey what's the issue?  
Tell me now because I'm ready to know  
See I've been waiting and waiting,  
But now I've gotta let you go  
We saw this through,  
And I was hoping it'd just go with the flow  
But I'd be lying  
I'm dying  
I'm dying just to let you know

You're telling me you're ready to go  
If you don't care then I don't care to let you know  
O what made you go?  
You're telling me you're ready to go  
If you don't care then I don't care to let you know  
O what made you go?

We've got some issues  
Am I the only one that seems to know?  
Your heart is fading, decaying  
I guess it's time to let this go  
And what made you loose?  
What made you give up on all of your plans?  
See I've been trying  
I'm trying  
I'm trying to tra trying to

You're telling me you're ready to go  
If you don't care then I don't care to let you know  
O what made you go?  
You're telling me you're ready to go  
If you don't care then I don't care to let you know  
O what made you go?

What's done is done  
I've made an attempt but you  
Crossed the line, a thousand times  
O what made you go?
