I loose control feel my body is nearly tumbling  
I see ya there wild passion in your eyes  
I gotta know are you ready for my love tonight?  
I think I know what really makes you go

Sticky sweet she's sticky stuff  
The dirtiest woman you're so rough  
Stick sweet it's sticky stuff  
Let the love begin honey let me in your heart  
Kiss me where it hurts is it pain or pleasure?  
Sticky sweet's ya love

I'll tell the truth so there ain't no misunderstandings  
I need ya now 'cause your body really blows my mind  
I gotta know are you ready for my love tonight?  
I think I know what really makes you go

Sticky sweet she's sticky stuff  
You look so sweet but you're oh so tough  
Sticky sweet it's sticky stuff

Let the love begin honey let me in your heart

Sweet lady, bad baby - you could never call it quits  
Running under fire you're a live wire

Sticky sweet she's sticky stuff  
You look so sweet but you're oh so tough  
Sticky sweet it's sticky stuff  
Let the love begin honey let me in your heart  
Kiss me where it hurts is it pain or pleasure?  
Sticky sweet's ya love

Sticky sweet she's sticky stuff - so sticky  
Sticky sweet she's sticky stuff - so sticky  
Sticky sweet she's sticky stuff - so sticky  
Sticky sweet she's sticky stuff - so sticky  
Sticky sweet she's sticky stuff - so sticky  
Sticky sweet she's sticky stuff - so sticky
