What's your name  
Don't be shy  
Your eyes are wild and so are mine  
It will be okay  
I'll show you why  
Look at my face  
I wouldn't lie to you

You my creepy, freaky sweetie  
You my creepy, freaky sweetie

I've been looking for  
Someone like you  
Can't get enough  
Don't mean to be rude  
So what's your name

Come on, what's your name  
Come one, what's your name
