Sunt cu capul in nori...  
Sunt cu capul in nori...  
Sunt cu capul in nori...

(it means that he is somewhere far away with his mind)

I:

I have never dreamt that it would happen  
To find/meet love, to take my mind away

Prerefren:

Sunt topit dupa tine,  
Ma simt de parca am renascut  
Credeam ca este magie  
Cand mi-ai dat primul sarut.

Refren:

Sunt cu capul in nori...  
Sunt cu capul in nori...

II:

The nights are white when we meet (this means that they don't sleep at all)  
We warm ourselves with whispers, we desire each other that much.

Prerefren:..

Refren:..

III:

It happens sometimes  
Every time i think about you  
You find me between clouds  
When i miss you very much and you are not near me.
