Refren:

Iubire, tu faci tot ce vrei din mine..  
Nu am somn cand noaptea vine..  
Si nu ma lasi deloc sa adorm..  
Iubire...

I:

I won't believe someone like you again  
from tomorrow I will search another model/type  
I still have imaginations which  
even if I want to  
I am not able to erase them

Refren(x3):..

I:..

Refren(x2):..

(don't know if that's another song..)

Am crezut cand ingerii mi-au spus ca singur n-am sa fiu  
Am crezut in al tau sarut, dar a fost prea tarziu

Prerefren:

Nu-mi lua dragostea, te rog  
Nu-mi frange aripile in zbor  
Mai lasa-mi doar o zi sa sper  
E tot ce-ti cer

Refren:

Sunt clipe in viata mea  
Cand ti-as spune tot ce simt  
Dar stiu ca n-ar conta  
Tu nu m-ai asculta...  
Sunt clipe in viata mea  
Cand imi plange inima  
Dar stiu, iubesc un suflet pustiu...

II:

You won't understand how difficult it is for me, you aren't in my place  
I wished that you could love me how I loved you

Refren:

III:

I still remember by now, when you smiled at that time  
You were my sky, I was flying to you  
Tell me everything but I can't tell you lies anymore

There are different worlds,there isn't a way how I could touch you  
You are too far away to hear me  
I don't ask for anything but your love  
I keep the confidence in my soul  
But you don't want to listen to me...
