This conversation just turned again  
Why do we always end up talking about me and my  
lack of friends?  
And I finally found a point to pin you down, and then.  
You duck, you swerve, you've struck a nerve again.

Don't tell me nothing I can't do without.  
You say you're only trying to help me, but I have my  
doubts.  
Don't think you didn't yell at me  
Just 'cause you didn't shout  
Yeah, you're speaking softly,  
But thinking awfully loud.

And I'd love to be right,  
And sometimes I almost am  
Except the ten million reason  
And the ways I don't understand  
Had the lack of sense to believe  
That I was doing alright  
Long day tomorrow,  
Won't get no sleep tonight.  
Not tonight.

Remember, once it's spoken it don't go away.  
The anger hops a freight train  
The monsters always stay.  
Tomorrow's empty feelings ride the insults of today.  
Mouthful to earful,  
Be careful of what you say.

And I'd love to be right,  
And sometimes I almost am  
Except the ten million reason  
And the ways I don't understand  
Had the lack of sense to believe  
That I was doing alright  
Long day tomorrow,  
Won't get no sleep tonight.  
Not tonight.

And I know I'm sorry

But don't laugh at me.  
I might even deserve it  
But please don't laugh at me.  
See I'm on the run from my father's son,  
But he won't let me be.  
You're leaving me no place to hide  
From my reflection in his eyes  
He don't like me, and I don't know why.  
And I am haunted by my own life.  
So please don't laugh at me.
