When your back's against the wall
And you think You're about to fall
You know that I'll be there
And together we'll rise above

Commitment
To the fucking edge
I will fight for what is right
And never will I lose sight
Power
Is what I fucking gain
I will fight for what is right
And never will we lose sight

Stand up
Fight for what's right
Straight edge pride

Stand up
Fight for what's right
Straight edge

Stand up
Fight for what's right
Straight edge pride
