I don't like you but I love you
seems like I'm always
thinking of you
even though you treat me badly
love you madly

you've really got a hold on me
you've really got a hold on me baby

I don't want you but I need you
don't want to kiss you
but I need to
even though you
do me wrong now
my love is strong now

you've really got a hold on me
you've really got a hold on me baby

I need you
all I want you to do is hold me
hold me

won't you hold on baby
won't you hold on to me
just a little tighter

I'm gonna leave here
don't wanna stay here
not going to spend
another day here
even though I want to split now
just can't quit now
you've really got a hold on me
