"Beautiful Sky"

Sun going down slowly
Majestic and bold against the sky
Colours like veins of love
The contours of our life

Have you ever seen such a beautiful sky?
Have you ever seen such a beautiful sky?

Sun going down slowly
Our love stretched across the sky
The descent of a journey
Your voice still lingers in my mind

Have you ever seen such a beautiful sky?
Have you ever seen such a beautiful sky?

Burning fire deep
Bright, indiscreet
Ablaze across the sky
The colours of the vine
Red wine, the memories

Peace, fall down on me
Peace, cradle me

Sun going down slowly
The horizon melts into dust
Your face fading out of sight
Reminiscent of our love

Have you ever seen such a beautiful sky?
Have you ever seen such a beautiful sky?
