Have you ever told anyone  
About the passion in your heart?  
Have you ever told anyone  
That you follow me in the dark?

Cos I've been telling everyone  
About the shadows in my heart  
I've been telling everyone  
About the lie that's just been cast

Go on erase me from your heart  
I won't feel a thing  
Go on erase me from your heart  
I won't leave a trace

Have you ever told anyone  
That you read the words I write?  
Have you ever told anyone  
About the river that you've cried?

Cos I've been telling everyone  
About the words that have been revealed  
I've been telling everyone  
The wound you made hasn't healed

Go on erase me from your heart  
I won't feel a thing  
Go on erase me from your heart  
I won't leave a trace

The hopeless romantic  
I falter I fall  
A carer, protector  
With so much love to give

Go on erase me from your heart  
I won't feel a thing  
Go on erase me from your heart  
I won't leave a trace

Have you ever sat with her

Just like this  
And felt the flames of passion fly?  
Now she sits with me  
Just like this  
What kind of friend decides to lie?
