Hope you relate to me when I say
I won't let you out my mind
I had a little dream and the dream went like this
A little bit like this I had a little dream
And the dream went like this
I saw two little girls sittin' both without a wish
Saw through Your heart
Through Your very eyes
To the hole the size from lies
Oh yes indeed 'cause things have been mixed and
twixed
In with the recipe and it's gotta be fixed
oh ya I'm talkin' to you and me
And everybody sound a bit like this
You're on my mind
You're on my mind
You're on my mind again
Know you relate to me when i say
I won't let you out my mind
I'll take the rest of my time and all my rhymes
Devoted be yours to share with you and my life
It's so very good to chill and listen to your experience
Never regret what I said it's all true
But song after song and song after song
I'd do anything for y'all
My mind can't get you out
You're on my mind
You're on my mind again
I'm gonna chain you to my heart and chain you to my
soul
Gonna do what I gotta go to fill the hole
I can't explain it can't stop sayin' it
I wanna take you to heaven
I pray and pray each and every day
And hope and cry that when I die
I'll say goodbye but not for long
I'll see you in heaven
