"Frequency Of Your Love"

Visit "[Frequency Of Your Love](#)" on MotoLyrics.com

Your radio frequencies targeting my insecurities
You're marketing what little faith I have
The way we are is like the dying world (dying world)
I don't want to join them

It's okay if you
Turn me on, turn me on
Turn me on to the frequency of your
Turn me on, turn me on
Turn me on to the frequency of

Your love, sequencing our love
I'm sorry, take me back, release me
Tell me I have what it takes to make it through
Please won't you sing to me your frequency
I'm dying on your planet of disaster

It's okay if you
Turn me on, turn me on
Turn me on to the frequency of your (2x)
Turn me on (2x)
If I can't love you, then I don't love at all (2x)

Turn me on, turn me on
Turn me on to the frequency of your
Turn me on (turn me on)

Turns me, turns me, turns me on
to the frequency of your
love, your love
