I fell in love
(I fell in love)
With this beautiful girl
And well you know
(And well you know)
She fell in love with me

And so the two of we
We took it one step further
(Way yo yo yo)
Put some action in the history
(Way yo yo yo)

I fell in love
(I fell in love)
With this beautiful girl
And well you know
(And well you know)
She fell in love with me

And so the two of we
We took it one step further
(Way yo yo yo)
Put some action in the history
(Way yo yo yo)

All of this is beautiful but there is one thing
Comes back around to haunt me
I used to have a family

But I am the kid who will overcome
I will, I will, I will die to fear
Live for love, die to fear

And so we move, move on this love
And so we move, move on this love
And so we move, move on this love
And let this love and let this love move in us

I fell in love
(I fell in love)
With this beautiful girl

And well you know
(And well you know)
She fell in love with me

And so the two of we
We took it one step further
(Way yo yo yo)
Put some action in the history
(Way yo yo yo)

I fell in love
(I fell in love)
With this beautiful girl
And well you know
(And well you know)
She fell in love with me

And so the two of we
We took it one step further
(Way yo yo yo)
Put some action in the history
(Way yo yo yo)

You and I will overcome having been changed
Been changed by our Father
Oh, forevermore

'Cause we are the kids to counteract
We will, we will, we will die to fear
Live for love, die to fear

And so we move, move on this love
And so we move, move on this love
So we move, move on this love
And let this love and let this love move in us

You can't, you can't, you can't stop this
Move on this
You can't, you can't, you can't stop this
Move on this
You can't, you can't, you can't stop this
Move on this

And so we move, move on this love
And so we move, move on this love
And so we move, move on this love
And let this love, let this love move in us

I fell in love
(I fell in love)
With this beautiful girl

And well you know
(And well you know)
She fell in love with me

And so the two of we
We took it one step further
(Way yo yo yo)
Put some action in the history
(Way yo yo yo)

I fell in love
(I fell in love)
With this beautiful girl
And well you know
(And well you know)
She fell in love with me

And so the two of we
We took it one step further
(Way yo yo yo)
Put some action in the history
(Way yo yo yo)

Way yo yo yo, way yo yo you, history
Way yo yo yo, way yo yo you, history
