My position, occupation facin' dirt earth check my worth
While cleanin' Johnny, on the spots for some spendin'
cash
So I can buy my girl some flowers at last while I fast
and learn the past
Yet I'm still sacrificin nothin' in America wearin' a new
pair of Nike Cortez
Eatin' anything I want in my fridge
So listen to the words that my mother says
This is the land of the free and home of the brats
Just like me, but I don't wanna be like that
You can't control even a second of your soul
Cause what you think is yours you need to let go
I know but I keep fightin' this flesh
Even though I know I put it to death
It continues to rise, like the wicked man's lies
You can't control us now
And you can't hold us down
Cause we seek the Truth
And a burden that's light
chorus: Oh yes, yes
We know, we know
The One who's in control
Oh yes, yes
We know, we know
The One who's people, people (let go)
Don't you see it's (over)
Throw your hands (in the air)
We gotta, gotta (let go)
This is a public service announcement
Breaking microphones everywhere we go
We rock stereo (rock in stereo)
Stressing out from the day
From my bills to pay
Due in March but have to pay in May
And now its time
To determine my wants and needs
Frustration filling up in my chest
Makes my lungs bleed
Greed, cause it's all about me
How can I die to myself
When I live in hostility

You can't control even a second of your soul
Cause what you think is yours you need to let go
Did ya forget
Did ya forget that this record was not possible without
the sounds of the unseen audible force that forced me
to see His remedy
Our purpose is to serve and not to be served
From the moment I was born, till the day I leave earth
CHORUS
Let go, let go
It's over, over
Let go, let go
It's over, over
Well, yes yes ya'll think we think we know, we know
It all ya'll but we don't know we sure
Don't know ya'll what it means to let
Let go y'all
(It's over) Well, yes yes ya'll (it's over) think we think we
know
It all ya'll (it's over) but we don't know we sure
Don't know ya'll (it's over) what it means to let
Let go y'all
It's over, it's over
People, people (let go)
Don't you see it's (over)
Throw your hands (in the air)
We gotta, gotta
Let go
Let go
Let go
