Soon and very soon the wind's gonna stop
And soon and very soon my sin's gonna stop
And soon and very soon the ocean's gonna stop

And soon and very soon the bleedin's gonna stop
And soon and very soon the clock's gonna stop
And soon and very soon Shalom's gonna drop

Soon and very soon Jehovah
Soon and very soon Jehovah
Soon and very soon Jehovah
Soon and very soon Jehovah

Drop, drop, drop, drop

Soon and very soon the wind's gonna stop
And soon and very soon my sin's gonna stop
And soon and very soon the ocean's gonna stop

Come on Jehovah, come on Jehovah soon

Soon and very soon the bleedin's gonna stop
And soon and very soon the clock's gonna stop
And soon and very soon Shalom's gonna drop

Pumpin' the blood through my veins
Day to day as long as I get
As long as He wants as long as I have
I'll say it 'til the end I'm not done yet

Takin' callin' breathin' the body
Straight to eternity, I'm not done I'll be finished in
eternity
Straight to eternity, I'm not done I'll be finished in
eternity
Straight to eternity, I'm not done I'll be finished in
eternity
Straight to eternity, I'm not done I'll be finished in
eternity

'Cause soon and very soon the wind's gonna stop
Soon and very soon my sin's gonna stop

Soon and very soon the ocean's gonna stop

Soon and very soon the bleedin's gonna stop
Soon and very soon the clock's gonna stop
Soon and very soon Shalom's gonna drop

Pumpin' the blood through my veins
Day to day as long as I get
As long as He wants as long as I have
I'll say it 'til the end I'm not done yet

Takin' callin' breathin' the body
Straight to eternity, I'm not done I'll be finished in
eternity
Straight to eternity, I'm not done I'll be finished in
eternity
Straight to eternity, I'm not done I'll be finished in
eternity
Straight to eternity, I'm not done I'll be finished in
eternity

Its gonna drop ya, its gonna drop
Its gonna drop ya, its gonna drop
Its gonna drop ya, its gonna drop
Its gonna drop ya, its gonna drop

Soon and very soon Jehovah
Soon and very soon Jehovah
Soon and very soon Jehovah
Soon and very soon Jehovah

Soon and very soon Jehovah
Soon and very soon Jehovah
Soon and very soon Jehovah
Soon and very soon Jehovah

Takin' callin' breathin' the body
Straight to eternity, I'm not done I'll be finished in
eternity
Straight to eternity, I'm not done I'll be finished in
eternity
Straight to eternity, I'm not done I'll be finished in
eternity
Straight to eternity, I'm not done I'll be finished in
eternity

Drop, drop, drop, drop
Drop, drop, drop
