Tonight, can you hear us?
(Hear us)
Tonight we are movin'

Pack your bags, preparation to move
We see the coming of our God oh so soon
And so I ask you, what did you do? What did you do
last night?

While every one of us thinks we got it got it together
We're seekin' out things instead of comin' together
We need to focus on the things above
'Cause the things below will never fill us up

We're movin, yeah we're movin'
We're movin, yeah we're movin'
We're movin, yeah we're movin'
We're movin', movin' out

Tonight, can you hear us?
(Hear us)
Tonight, we are waiting
Tonight, can you hear us?
(Hear us)
Tonight, we are movin'
(Movin' out)

Everybody always talkin' 'bout movement
Talkin' hype but their mouths can't prove it
Lackin' action and they try but they can't find traction

'Cause their soul and their shoe is all worn out
And they're jumpin' for somethin' but they can't find
the ground
'Cause you see you, you and me
We gotta break the box that we live in

We're movin, yeah we're movin'
We're movin, yeah we're movin'
We're movin, yeah we're movin'
We're movin', movin' out

Tonight, can you hear us?
(Hear us)
Tonight, we are waiting
Tonight, can you hear us?
(Hear us)
Tonight, we are movin'

We are movin' out
(We are movin' out)
We are movin' out
(We are movin' out)
We are movin' out
(We are movin' out)
We are movin'

Can you hear us?
We are waiting
Can you hear us?
We are movin'

Tonight, can you hear us?
(Hear us)
Tonight, we are waiting
Tonight, can you hear us?
(Hear us)
Tonight, we are movin'

Tonight
We are movin' out
We are movin' out
We are movin' out
We are movin' out
We are movin' out
(Can you hear us?)
We are movin' out
(Tonight)
We are movin' out
(We are movin')
