So many lies, devil in the sky
Don't believe, don't, big brown eyes

1.

When I looked into your eyes
I knew that you'll be tell me lies
'Cause you have that special touch
Tease (?) in me like I don't know much
Ohh I know, you're playing with my soul
If you can't say "I love you"
Keep on lying, that will do

Chorus:

Baby love me, just let me go
I can't deal with this no more
If you want me, than I'll stay
If you, if you don't, I'm on my way

I see many, many lies
When I'm looking in your big brown eyes
I see lies without disguise
When I'm looking in your big brown eyes

Oh baby, my baby
Your questions drive me crazy
I see many, many lies
When I'm looking in your big brown eyes

2.

Everybody says I'm wrong
A girl like you is not looking for love
In the high society
There's no place for guys like me
Oh ãt's true, my heart belongs to you
'Cause you got me on my knees
Oh baby please

Chorus:...
