Boy don't get serious,  
You and I gonna make a mess  
What you see goin down is just for one night

Baby boy,, toy, buckle up  
Can you handle me baby boy  
Eat my, like a toy  
Drop your clothes and buckle up  
Can you reach my spot  
Can you handle me baby boy  
If I play you like a toy  
Drop your clothes and buckle up  
Can you reach my spot

I'm a girl with a lot of needs  
Insecurities never took a hold of me  
Like the homies do what they're supposed to  
But if you fuck with me I'll run you over  
Say what? What you sayin now?  
Do you like what you see, why don't you say it loud  
Such a gentleman when trying hard to get me  
What you grabbing  
If you want it, if you want it  
Got to earn it, got to earn it baby  
Pretty thing that you turn me on  
If you want it, got to earn it  
Really think that you turn me on

Baby boy,, toy, buckle up  
Can you handle me baby boy  
Eat my, like a toy  
Drop your clothes and buckle up  
Can you reach my spot  
Can you handle me baby boy  
If I play you like a toy  
Drop your clothes and buckle up  
Can you reach my spot  
Baby boy, like a toy, buckle up  
Can you reach my spot

Live my life is a,  
Rhythm taking me high why don't you bring me down

Make the music with the thing you wanna down me  
Ain't no need for worse so get to working  
Work it hard, make that back thorn  
, and make my sweat born  
Baby, for a ride, on that feedback,

If you wanna hit it, got to earn it  
Really think that you got me on, you're turning me on  
If you want it, got to earn it  
Really think that you turn me on

Can you handle me baby boy  
Eat my, like a toy  
Drop your clothes and buckle up  
Can you reach my spot  
Can you handle me baby boy  
If I play you like a toy  
Drop your clothes and buckle up  
Can you reach my spot  
Blow my speakers baby  
Yet I am a lady, got my, to me uh  
Step back to me baby,, I done you is crazy  
I don't think that you can  
I, boy me

Can you handle me baby boy  
If I play you like a toy  
Drop your clothes and buckle up  
Can you reach my spot  
Can you handle me baby boy  
If I play you like a toy  
Drop your clothes and buckle up  
Can you reach my spot  
Can you handle me baby boy  
If I play you like a toy  
Drop your clothes and buckle up  
Can you reach my spot  
Can you handle me baby boy  
If I play you like a toy  
Drop your clothes and buckle up  
Can you reach my spot  
Can I play you baby boy?
