### Verse 1:

You're not the one to bring me down  
Shattered, hurt, down in the dirt  
Losing hope just because  
You were once the one I adored  
I'd never turn the other cheek  
Humble 'Sorry' won't do the trick  
I won't stand another second if you  
Gonna act like a prick  
So you reach for my neck  
And you call out my name  
I won't take it again  
Doesn't make you a man I am Stronger  
i won't hide any longer

### Chorus:

It's like I'm going to war to war  
Every time I come through the door  
It's a War  
I can't find my peace anymore  
Next to you  
Surviving is what i do  
it's like going to war to war  
I'm not gonna lose anymore  
Now it's you down on the floor  
Bet you didn't think that you'd fall .

### Verse 2:

You can not fix what you done broke  
Me you time that we lost  
Everything's got a cost  
Guess it's time you carry your cross  
I'd never stop picking you up  
Bad, I'm not but I've never fought  
For my life so I know  
Once I started i just gotta go.  
So you try it again  
call me your friend  
Say that you've changed but it's just pretend see I'm  
smarter  
I've become a fighter!

Chorus:

It's like I'm going to war to war  
Every time I come through the door  
It's a War  
I can't find my peace anymore  
Next to you  
Surviving is what i do  
it's like going to war to war  
I'm not gonna lose anymore  
Now it's you down on the floor  
Bet you didn't think that you'd fall .
