I turned around
Before I could run
I found you already settled down
In the back of my mind.
I know this
Is just a customary fever
The moon is our deceiver
That will leave you running blind.
Your heart is bawling
If I didn't know any better
I'd be falling
Deeper and deeper it's true
I'd hear it calling
If I didn't know any better
And I'd be in love with you.
Didn't want to
Look in the eyes of the one
That I would be drawn to
I'm a moth lost in a fire
And I know this
Is just a beautiful illusion
A case of the confusion
Between love and desire.
Your heart is bawling
If I didn't know any better
I'd be falling
Deeper and deeper it's true
I'd hear it calling
If I didn't know any better
And I'd be in love
When the flame burns out
And finally settles down
You'll forget
I ever came a round.
Your heart is bawling
If I didn't know any better
I'd be falling
Deeper and deeper it's true
I'd hear it calling
If I didn't know any better
And I'd be in love with you.
I turned around

Before I could run
I found you already settled down
In the back of my mind.
