ONE TIME ONLY

(Tom Paxton)

I spent my hungry young years running wild

There was a lot I had to do

And I spent cities like a handful of change

But I never quit looking for you

One time and one time only

Been such a long time lonely

One time and all time it will be

Been waiting such a long time

Each time has been the wrong time

Until you came to me

I looked for you in every face I saw

I could not find you any where

Then finally one day I quit trying at all

Looked up and saw you standing there

I don't mind telling you what's on my mind

It's no big secret any more

I have no plans at all for moving on

That's one thing I never been for
