When people are thirsty
And ready and willing
Then it won't be long
Till something else but wine is spilling!
The butcher is idle
While people are starving
And it won't be long
Till there's another kind of carving!

Look into the future
And what do you see there,
And if you do nothing can you guarantee
We'll be there?
Stop looking to heaven
Stop waiting for answers
Just know the divinest intervention is
The hand of man!

And where does it finish
Just where is the ending?
How far is too far, and are
We past the point of bending?
We eat from the streets now
We fight for a handout
Which one is more pitiful?
The trick is how to stand out.

We're not above begging,
We're not above stealing,
And pride is a luxury we're
Past the point of feeling.
The wealthy get richer
And we keep on waiting
We learn to be patient
We learn to keep hating.

Look into the future
And what do you see there
And if we do nothing can you guarantee
We'll be there for the things to come,
The future dawn, the distant drum,
The cup from which we all can drink?
It's sooner than the scholars think
And it won't be long
It won't long

It won't be long
Won't be long!
