You can see the lies in those real big eyes
Got the finger tattooed on her inner thigh
She'll tell you to jump she'll make you say "How High"
Want to have a good time? Don't have to ask her twice
Never let you win cause she can't lose
And you haven't walked a mile unless it's in her shoes
Everybody's got a friend like her
You don't know jack shit till you're in her world

She's a wild child, so incomplete
Like a real bad song playing on repeat

If your eyes are blue
Hers are a little bluer
If your car is new
Hers is a little newer
If there's a dude in the room
She'll think he wants to screw her
She's got no clue
No clue

She likes to brag about her pedigree
But she Aint nothing but a rich bitch wannabe
She's loud and rude, when she downs a few
She's dancing on the bar drunk and half nude
You wanna be her friend, well that all depends
If you're broke as a joke or if you drive a benz
Everybody's got a friend like her
You don't mean jack shit till you're in her world

She's a wild child, so incomplete
Like a real bad song playing on repeat

Somebody take her home
She hates to sleep alone

She's an ex-prom queen
Always looking for a scene
By the way, that's a fake tattoo
She's just jealous of you

If your eyes are blue

Hers are a little bluer
She keeps dropping names
Like someone really knew her
And every dude in the room
Thinks that she's a loser

If your ride is cool
Hers is a little cooler
Every dude in the room
Knows that she's a loser...
She's got no clue.
