Christmas is coming  
It's been a long year  
I'm still in the same place  
We're still over here  
Go down to the market  
Get lost in the crowd  
Go home to my records  
I play them too loud  
Christmas is coming  
It's been a long year  
I wish you were here...  
Been down to the UI  
And nothing but queues  
Been down on my welfare  
With holes in my shoes  
The kitchen's still leaking  
With floods on the floor  
The landlord will fix it  
He only wants more  
Christmas is coming it's been a long year  
I wish you were here, I wish you were here  
Christmas is coming  
It's been a long year  
I wish you were here, I wish you were here  
Been down to the UI  
And nothing but queues  
Been down outa welfare  
With holes in my shoes  
But I'm not complaining  
I'm happy, you see?  
And I'm still here waiting  
So come and see me  
Christmas is coming  
It's been a long year  
I wish you were here, I wish you were here,  
I wish you were here, I wish you were, I wish you were, I  
wish you were  
Here...  
I wish you were here, I wish you were, I wish you were, I  
wish you were  
Here...
