You should know that
I'm scared of closed doors
The mere sight of one makes me shiver
I don't know what
lies behind them
But I have learned from the past that

If I open them
Things might start to get worse
I don't know how, I don't know why
If I open them
Things might start to get worse
A disaster lies nearby

Something happened someday maybe
Some things happen, don't they, baby?
Right, how are you tonight?

The unexpected
makes me panic
Don't you ever try to surprise me
I don't know where
These things come from
But all that I want comes from you

And if you don't believe me
things might start to get worse
I don't know how, I don't know why
And if you don't believe me
things might start to get worse
A disaster lies nearby

Something happened someday maybe
Some things happen, don't they, baby?
Right, how are you tonight?

Cause when I look into your eyes
You just smile
and you showed me something on your eyes, on your
eyes
