Any tear of sadness' No No No  
 Any heart Injured no no no  
 Any moment of confusion no no no  
 Even fire of jealousy no no no  
 We are living the years of our dreams  
 We are melting in the sweetest speach  
 We did not know any moment of regret  
 Or fear from days  
 My heart knocked knocked  
 I said who knocked  
 I said no to my heart  
 Why did you came time & after what ?  
 From how many years .. are my heart & me living here?  
 From how many years did we loose the world of happiness?

We are the ones who believed the time for safety  
 And he took the hope from us & hurt us  
 We are the ones who obeyed him & he never relived us  
 We are the ones who you throw us to time toTake the Safty From us & wound us  
 No blame on us â€|we are so tierd..tasted a lot.

When we called him to treat us
