You are now entering a Bad Boy zone
You are now entering a Bad Boy zone
You are now entering a Bad Boy zone
Yeah

This is for the niggas who ain't got shit to love
I cripple thugs, just because
You not Jada but you could, kiss the slugs
Until your place hit up

Rap niggas in the studio, wasting bucks
You're better off making sure papi know your name
well
Guess who ghostwrite for me, my brain sails, sells
Now believe it, better place checks, Bad Boy, big things
nigga, HF

I put it down for mine, my crew live a life of crime
Constantly non-stop, when they on the climb
And BK, no such thing, it's dark
The sun go down, the tool start to spark

Outline in chalk, moms lift the part
Cases handle in the street, motherfuck the court
Shouldn't talk the talk, you can't walk the walk
It's The Hoodfellaz, what the fuck y'all thought?

Now if you want this money baby
Then I guess you in the right place
And if your mind ain't right sugar
Then you need to get up outta my face

So what's the deal?
Cant' ya see how a nigga feel?
And let me know if you gon' ride tonight
'Cause this paper we makin' is real, all day

It's like that y'all
Don't get it twisted with the rap y'all
Still walk around with the gat y'all
Don't make me have to point it at y'all and clap y'all

That's how I see things goin'
Chains showin', rings glowin', Range Rovin'
And my nigga push K I's like Beethoven
It's gonna stay like that till the Pearly Gates open

And here we go, ayyo, let's get it where it needs to be
Tuned in to the, P-the-D, please believe
I told y'all it's on for life
The only bars I ever be behind is the one's I co-write

Hold it down, hold the crown
What I gotta brag for? Y'all should know by now
Cats talk this and that, so we rip the track
This a fact, it's a wrap, uh!

Now if you want this money baby
Then I guess you in the right place
And if your mind ain't right sugar
Then you need to get up outta my face

So what's the deal?
Cant' ya see how a nigga feel?
And let me know if you gon' ride tonight
'Cause this paper we makin' is real, all day

Yo, yo, niggas mad at the fact we bad
Man I won't stop like a New York Taxicab
If your shit wack, we burn
If you got beef, we come back like a tax return

We get money, hold money, no quotas
We gon' fuck around and do this murder, no motive
Ayyo, I burn more, wait till I drop it
Then you can learn more 'cause you a turn-off

Numb in my veins and bought enough to numbin' the
brain
Lovin' the brain, let a slob till it's come and arrange
Strollin' the block, honey holdin' the glock
1-9, come on baby, it's crunch time

In a truck blue, yellin' my fuck you's
Doin' a buck-2, circle hoods like Doug Ghoul's
Huggin' the piece, ha ha, Sim is the word on the street
Come on, I can make dessert outta beef

Now if you want this money baby
Then I guess you in the right place
And if your mind ain't right sugar
Then you need to get up outta my face

So what's the deal?
Cant' ya see how a nigga feel?
And let me know if you gon' ride tonight
'Cause this paper we makin' is real, all day

Now if you want this money baby
Then I guess you in the right place
And if your mind ain't right sugar
Then you need to get up outta my face

So what's the deal?
Cant' ya see how a nigga feel?
And let me know if you gon' ride tonight
'Cause this paper we makin' is real, all day

Now if you want this money baby
Then I guess you in the right place
And if your mind ain't right sugar
Then you need to get up outta my face

So what's the deal?
Cant' ya see how a nigga feel?
And let me know if you gon' ride tonight
